

Tom Karen Car Design Template

Double Wedge

1. Cut out the solid **ORANGE** lines.
2. Decorate the white space with your car design. Don't forget to add in windows!
3. Laminate your shape while it is flat.
4. Cut the **ORANGE** line between your tabs and sides.
5. Score and fold the dotted lines.
6. Glue the **GREY** tabs to the inside of the side panels.
